EXPORT SERVICES MADE EASY WITH THE CHAMBER

With consumers in countries such as China, India and Brazil becoming increasingly affluent and interested in quality products, exporting has never been more important. Selling to these key developing markets can be a great way to grow your business.

Whatever sector your business operates in – food and drink, engineering, manufacturing or retail – exporting can bring a huge boost to your business.

However, when you're exporting, it's crucial to ensure you have the right documentation. Missing or inaccurate documents can lead to increased costs and delays and could even prevent a sale from being completed.

As a member of Caithness Chamber of Commerce, you can get access to our Chamber Export Documentation service.

This service is designed to give you peace of mind, ensuring that your goods get to their destination with ease. As well as receiving support and guidance to help understand which documents are required for shipping to various destinations, you'll also receive discounts on a range of documentation including:

- EC Certificates of Origin
- Arab-British Certificates of Origin
- EURI Movement Certificates
- A.TR Movement Certificates
- Egyptian Certificates of Origin

Whatever your export needs, our Chamber Export Documentation service could save you significant amounts of money.

To find out more about becoming a member and saving money on your exports, contact us today.
